

JOIN US!

Teens and tweens, volunteer at Community Giving Tree to benefit our local communities while helping us to GO GREEN and gain lifelong SKILLS

Throughout the school year, your help is greatly needed and much appreciated in carrying out various tasks as we strive to deliver on our mission of helping families in need to raise healthy children. At the same time, your contribution is helping CGT to be eco-friendly, and exercise reusing, reducing, recycling, and repurposing of children's clothes, baby equipment and furniture, and toys to children in need. Through it all, you'll gain skills in time-management, organization, public relations, teamwork, communication and leadership.
